

**Position:** Juneau Station Manager, Full-time, Permanent

**Location:** Juneau, AK

**Compensation:** \$60,000 - \$70,000 annually

Not looking for “just a job”? Neither are we.

At Alaska Seaplanes, we keep Southeast Alaska connected — delivering groceries, medicine, mail, opportunity, and connection to communities across the region every single day.

We're looking for people who thrive in fast-paced environments, enjoy solving problems, and take pride in creating great experiences for both customers and coworkers. Whether you're leading a team or helping daily operations run smoothly, your work helps connect families, businesses, schools, and villages across Southeast Alaska.

As the Juneau Station Manager, you'll lead daily station operations, support and develop a high-performing customer service team, and help ensure safe, reliable service for the communities we serve.

**What You'll Get:**

- Competitive pay and benefits
- Free and discounted flights across Southeast Alaska
- A close-knit aviation family
- Meaningful work with real impact
- Opportunities to grow within the company

**What You'll Do:**

- Lead and support the Juneau customer service team
- Oversee daily passenger, freight, and flight operations
- Coordinate communication between staff, pilots, dispatch, and customers
- Hire, train, coach, and schedule employees
- Maintain safety, hazmat, and operational compliance
- Jump in wherever needed to keep operations running smoothly

**Schedule:**

Full-time, permanent position. Five 8-hour shifts per week. Hours vary seasonally, and weekend/holiday availability may be required since Alaska Seaplanes operates seven days a week.

**Benefits Include:**

- Medical and dental insurance
- 401(k) with generous company match
- Company-paid life insurance
- Paid time off
- Flight benefits with Alaska Airlines and Delta

- Alaska Seaplanes travel perks, including space-available flights, buddy passes, and discounted confirmed travel

**What We're Looking For:**

- Airline, aviation, or strong customer service experience
- Leadership or supervisory experience
- Strong communication and organizational skills
- Ability to stay calm and adaptable in a fast-paced environment
- Basic computer proficiency (Takeflite experience is a plus)
- Must be 18 years or older and have a valid driver's license
- Ability to regularly lift up to 60 lbs
- Authorization to work in the U.S. and fluency in English
