

# worksource | OREGON

**“Before going to WorkSource, I wasn’t exactly sure what I wanted to do. I knew I wanted a career; one that would give myself and my child stability! After I was trained, I accepted a job as a Monitor Technician at Asante Three Rivers Hospital. I am darn proud of myself! I now have a job that offers growth and can be a lifelong career. I am forever grateful to WorkSource for helping me accomplish my goals.”**
